15.2 Maui Hubs: On any Day, for Products on a Maui Hub, a Participant must comply with the following as part of Delivery and Receipt of the Trade Quantity of Gas in a Trade Leg with a Delivery Period falling on that Day:

- (a) each "on the day" Delivery and Receipt obligation must be Nominated for the relevant Maui Hub at the next practicable Intra-Day Cycle of the Delivery/Receipt Day;
- (b) Nominations effecting "day ahead" Delivery and Receipt obligations must be made for the relevant Maui Hub before the commencement of the Delivery/Receipt Day; and
- (c) at the end of that Day, the Participant's Net Approved Nomination for a Maui Hub must equal the Participant's Net Obligation for that Hub and for that Day.

15.3 Cash-outs: If a Participant defaults in its obligation under rule 15.2(c) on any Day, then, without prejudice to the other Rules:

- (a) if the Participant has a Negative Imbalance on that Day, the Participant shall be liable to emsTradepoint to make a payment, effected by way of an adjustment to the total amount payable under the Participant's Trade Legs with emsTradepoint for that Day, calculated as follows:

$$\text{Payment (in \$)} = \text{Cash-Out Buy Price (in \$ per GJ)} \times \text{the Negative Imbalance (in GJ)}$$

- (b) if the Participant has a Positive Imbalance on that Day, emsTradepoint shall be liable to the Participant to make a payment, effected by way of an adjustment to the total amount payable under the Participant's Trade Legs with emsTradepoint for that Day, calculated as follows:

$$\text{Payment (in \$)} = \text{Cash-Out Sell Price (in \$ per GJ)} \times \text{the Positive Imbalance (in GJ)}$$

- (c) notwithstanding any other Rule to the contrary, except in the case of manifest error, emsTradepoint's calculations of amounts payable under this rule 15.3 are final and binding on the Participant.

15.4 Title: Title to and every risk in the Transmission Quantity of Gas is deemed to pass from the Seller to emsTradepoint and from emsTradepoint to the Buyer at the end of each Day

in the Delivery Period free of any lien, charge, encumbrance or adverse claim (as to title or otherwise):

- (a) for Products on a Vector Hub, in accordance with the Gas Transfer Agreement; and
- (b) for Products on a Maui Hub, in accordance with Approved Nominations.

15.5 Wash-Up: Other than where the Transmission Quantity differs from the Trade Quantity due to the operation of rule 29.4, if the Trade Quantity for Delivery or Receipt at a Vector Hub is not the same as the Transmission Quantity, emsTradepoint will be entitled to make any necessary adjustments to any Trade Legs, including the financial settlement of those Trade Legs, to reflect the difference in quantity of Gas transferred.

15.6 Unascertained Goods: Sections 18 to 20 (inclusive) of the Sale of Goods Act 1908 (relating to appropriation of unascertained goods) do not apply to the sale and purchase of Gas under a Trade or Trade Leg.

15.7 No netting of Trade Leg Obligations: A Participant must not net its Seller Trade Leg Obligation under a Trade Leg off against its Buyer Trade Leg Obligation under any other Trade Leg.

16. FINANCIAL SETTLEMENT

16.1 Tax Invoices: By the tenth Day of each month (or if the tenth Day of the month is not a Business Day then by the next Business Day after the tenth Day of the month), emsTradepoint will issue a Tax Invoice to each Participant that has received a supply from emsTradepoint, for all supplies made by emsTradepoint to that Participant for the previous month. Each Tax Invoice will detail:

- (a) all Trade Values under Trade Legs for Days in a Delivery Period in the month covered by the Tax Invoice, where the Participant was the Buyer (based on Original Trade Quantities where relevant, and with Trade Values pro-rated as necessary where the Delivery Period falls across two months);
- (b) any amount due to the Participant or payable by the Participant (as the case may be) in accordance with rule 15.3 for Days in the month covered by the Tax Invoice;
- (c) any amount due to the Participant in accordance with rule 29.8 for FM Days in the month covered by the Tax Invoice;
- (d) any Fees the Participant became liable to pay pursuant to the Market Rules in the month covered by the Tax Invoice; and
- (e) any other deductions permitted or required, or amounts the Participant became liable to pay in the month covered by the Tax Invoice, under the Market Rules.

However, emsTradepoint is not obliged to issue a Tax Invoice for a month to any Participant that is not liable to pay emsTradepoint any amounts for the month under the Market Rules.

16.2 Buyer-Created Tax Invoices: By the tenth Day of each month (or if the tenth Day of the month is not a Business Day then by the next Business Day after the tenth Day of the month), emsTradepoint will issue a Buyer-Created Tax Invoice to each Participant for all supplies made by the Participant to emsTradepoint for the previous month. Each Buyer-

Created Tax Invoice will detail all Trade Values under Trade Legs for Days in a Delivery Period in the month covered by the Buyer-Created Tax Invoice, where the Participant was the Seller (based on Original Trade Quantities where relevant, and with Trade Values pro-rated as necessary where the Delivery Period falls across two months):

- (a) reduced by an amount equal to any Industry Body Levy payable by emsTradepoint in relation to that supply;
- (b) reduced or increased (as the case may be) by any amount to be paid by the Participant or to be paid to the Participant in accordance with rule 15.3 for Days in the month covered by the Buyer-Created Tax Invoice; and
- (c) reduced by any amount to be provided by the Participant in accordance with rule 29.8 for FM Days in the month covered by the Buyer-Created Tax Invoice.

However, emsTradepoint is not obliged to issue a Buyer-Created Tax Invoice for a month to any Participant that emsTradepoint is not liable to pay any amount to for the month under the Market Rules. Participants agree that they will not issue a Tax Invoice for any supplies that are covered in Buyer-Created Tax Invoices issued under the Market Rules.

16.3 Settlement Statement: By the tenth Day of each month (or if the tenth Day of the month is not a Business Day then by the next Business Day after the tenth Day of the month), emsTradepoint will issue a statement (**Settlement Statement**) to each Participant showing:

- (a) amounts owed by the Participant to emsTradepoint under any Tax Invoices issued by emsTradepoint to that Participant in that month; less
- (b) amounts owed by emsTradepoint to the Participant under any Buyer-Created Tax Invoices issued by emsTradepoint to that Participant in that month (less amounts that may be deducted under rule 16.13); less
- (c) amounts owed by emsTradepoint to the Participant under any credit note issued by emsTradepoint to that Participant under clause 16.7(b) in that month.

However, emsTradepoint is not obliged to issue a Settlement Statement for a month to any Participant that emsTradepoint has not issued a Tax Invoice or Buyer-Created Tax Invoice to in that month.

16.4 Payment Owed by a Participant: If a Settlement Statement shows a net amount is owed by a Participant to emsTradepoint, the amounts described in rules 16.3(a) and 16.3(b) shall be netted and the Participant must pay emsTradepoint the net amount specified in the Settlement Statement in cleared funds within 10 Days of the issuing of the Settlement Statement.

16.5 Payment Owed to a Participant: If a Settlement Statement shows a net amount is owed by emsTradepoint to a Participant, the amounts described in rules 16.3(a) and 16.3(b) shall be netted and emsTradepoint will pay the Participant the net amount specified in the Settlement Statement in cleared funds within 10 Days of the beginning of the month following the month of the Settlement Statement.

16.6 Collateral Limit Breach: If payment under rule 16.5 would cause a Participant to be in Collateral Limit Breach then, only to the extent necessary to prevent the Collateral Limit Breach, the due date for payment under rule 16.5 will be extended to the date that is 2 Business Days after the date on which the Collateral Limit Breach would no longer occur. emsTradepoint must Notify the affected Participant if emsTradepoint delays payment to a Participant under this rule.

16.7 Errors and adjustments: Where:

- (a) emsTradepoint is Notified (and agrees with the Notification) or otherwise discovers that a Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement contains an error or omission that affects the net amount owed to or owed by emsTradepoint, emsTradepoint will reverse the Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement and provide the Participant with a corrected Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement (as the case may be) as soon as practically possible. The corrected Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement will replace the original Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement; or
- (b) there is an agreed change (which, for the avoidance of doubt, shall not include any amount calculated in accordance with rule 29.8) to the terms or nature of the supply covered by a Tax Invoice or Buyer-Created Tax Invoice or some other event referred to in section 25(1) of the GST Act, emsTradepoint will provide the Participant with a debit note or credit note (as the case may be) that complies with the GST Act as soon as practically possible.

16.8 Delay in Invoice: No delay by emsTradepoint in issuing a Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement will affect the Participant's liability for the amounts payable once the Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement is issued, except that the due date for payment will be extended by one Business Day for every Business Day by which the Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement is late in being issued.

16.9 Late Payment: If a Participant fails to make payment due to emsTradepoint in cleared funds on or before the due date for payment, then without prejudice to emsTradepoint's other rights and remedies, the overdue amount will bear interest from the date on which payment of that amount falls due until the date on which payment of the overdue amount is made in full or the failure to pay is resolved by agreement. Interest will accrue regardless of whether or not emsTradepoint has given the Participant specific Notice of the failure to pay.

16.10 Interest: Interest payable under rule will accrue and be calculated on a daily basis (after as well as before judgment) and will be compounded monthly from the due date for payment until the day on which payment is received by emsTradepoint, at the rate of 3% per annum above the Base Rate.

16.11 Disputes: Subject to rule 16.7, each Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement is final and binding as to the amount payable under it. Participants may not withhold or reduce payment as a result of any unresolved dispute as to any item set out in any Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement. A Participant must Notify emsTradepoint as soon as practicable, but at least within 5 Business Days following the date of issue of the Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement, if it disputes any item contained in the Tax Invoice, Buyer-Created Tax Invoice or Settlement Statement. Any subsequent payment following agreement or settlement of a dispute will be paid by the relevant party as soon as reasonably practicable.

16.12 No Set Off: Amounts payable by Participants or emsTradepoint under the Market Rules must be paid:

- (a) free and clear of any restriction, reservation or condition; and

- (b) subject to rule 16.13, without deduction or withholding in respect of tax or on account of any amount due or to become due to the paying Party (other than the netting contemplated by rules 16.4 or 16.5), whether by way of set off, counterclaim or otherwise or on any other basis.

16.13 emsTradepoint Deductions: emsTradepoint may deduct, from amounts emsTradepoint owes to the Participant:

- (a) any amount payable by the Participant to emsTradepoint under rule 23.4; and
- (b) any other amount payable by emsTradepoint by way of tax, withholding, levy, duty, charge or similar imposition relating to the Participant or a Trade or Trade Leg to which the Participant is a party,

subject to such recovery being on a reasonable and transparent basis.

16.14 Industry Body Levy Information: Each Offering Participant must Notify emsTradepoint by the second Business Day of each month the quantity of Gas purchased by emsTradepoint from the Offering Participant under Trade Legs in the previous month that is subject to the Industry Body Levy when purchased by emsTradepoint. If an Offering Participant fails to so Notify emsTradepoint under this rule, emsTradepoint will deem that all Gas purchased by emsTradepoint from the Offering Participant in that month is subject to the Industry Body Levy and will calculate the Industry Body Levy accordingly. emsTradepoint relies on the correctness of the information provided to it under this rule to determine its liability to pay the Industry Body Levy, and rule 23.4 applies to any failure by an Offering Participant under this rule 16.14.

16.15 Exclusive of GST: All amounts payable by the Participant or emsTradepoint under the Market Rules are, unless otherwise expressly stated, exclusive of any applicable GST. GST is payable at the same time and in the same manner as is any other amount payable under the Market Rules, where that amount is subject to GST.

16.16 Default GST: If a Participant or emsTradepoint does not make payment in accordance with rule 16, they must also pay an amount equal to any Default GST charged in respect of the supply immediately upon demand being made by the relevant party.

16.17 Taxes and Levies Included in Price: Except as provided in rules 16.15 and 16.16, all Prices and Trade Values include all taxes, levies, imposts, duties, royalties and costs imposed on the Seller or emsTradepoint by any Relevant Authority, including:

- (a) any amount payable under the Energy Resources Levy Act 1976;
- (b) all Carbon Charges; and
- (c) the costs of any Industry Body Levy payable by emsTradepoint.

17. ORDERS IN ERROR

- (a) the Participant has become a party to a Trade and the resulting Trade Leg through an error by the Participant in making an Order;

- (b) the Trade involves a Trade Value of more than the amount Published by emsTradepoint from time to time as the threshold for Trade Values that may be considered for Voiding or if no such amount has been Published, \$10,000;
- (c) the Participant applies by telephone within ten minutes of the formation of such Trade, and confirms by email as soon as possible after the telephone call, and provides particulars of the error and the cause of the error.

17.2 emsTradepoint to Determine: emsTradepoint may determine, acting reasonably, whether to Void a Trade (and resulting Trade Legs) pursuant to an application received under rule 17.1. emsTradepoint will use its reasonable endeavours to make such determination and Notify it to the applying Participant within 30 minutes of the application. All Participants will promptly provide any information and assistance requested by emsTradepoint in connection with any determination being made by emsTradepoint under this rule.

17.3 emsTradepoint Decision is Final: emsTradepoint's determination under rule 17.2 is final and binding on the relevant Participants. emsTradepoint will not be liable for the consequences of such determination.

18. VOID TRADES

18.1 Consequences of a Trade being Void: If a Trade or any resulting Trade Leg is described as or made **Void** under any provision of these Market Rules, it means that the Trade and any resulting Trade Leg is cancelled and of no legal effect whether in the past or the future, provided that if the Trade or any resulting Trade Leg has a Delivery Period that has already commenced, it means that the remaining Delivery or Receipt obligation under the Trade or Trade Leg is cancelled and of no legal effect, and such cancellation shall apply likewise to the reciprocal payment obligation under the Trade and Trade Legs.

18.2 Notification: emsTradepoint must Notify each affected Participant through the Trading System as soon as reasonably practicable after a Trade and Trade Leg are made Void, Notification to include a description of the Trade I.D. and Trade Terms of each Trade Leg that is Void (or the relevant proportion of the Trade Terms, if a Trade Leg is Voided in part).

19.6 Re-opening: emsTradepoint may at any time lift a suspension in place under rule 19.2 by Publication.

19.7 Planned Maintenance Periods: Without prejudice to rule 19.2, emsTradepoint may from time to time conduct planned maintenance on the Trading System. emsTradepoint will give Participants as much notice as reasonably practicable of a Planned Maintenance Period by Publication. emsTradepoint will use all reasonable endeavours to conduct maintenance on the Trading System outside of Trading Hours or at other times when, in its reasonable opinion, the impact on Participants will be minimised.

19.8 Assistance by emsTradepoint in the event of Connection Failure: If a Participant requests the assistance and/or advice of emsTradepoint in overcoming any failure on the part of the Participant to access and use the Trading System (**Connection Failure**):

- (a) the Participant must pay emsTradepoint's reasonable costs and expenses incurred by emsTradepoint in advising and/or assisting the Participant in overcoming or attempting to overcome the Connection Failure; and

28.2 Effect of emsTradepoint Force Majeure: If emsTradepoint relies on the occurrence of an event or circumstance of emsTradepoint Force Majeure as a basis for being excused from performance of any of its obligations under the Market Rules, an Associated Document, or a Trade Leg, then it will:

29. FORCE MAJEURE AFFECTING CERTAIN PARTICIPANT TRADES

29.1 Participant Force Majeure: If a Participant (**FM Participant**) reasonably anticipates that it will fail in its obligation to emsTradepoint to Deliver or Receive a quantity of Gas due to an event or circumstance of Participant Force Majeure (whether that event or circumstance has already occurred or is anticipated), then the FM Participant must:

- (b) notify emsTradepoint by telephone that it has Notified a Participant FM Certificate (and for the avoidance of doubt, this telephone notification must be by speaking to emsTradepoint personnel and a telephone message will not suffice).

29.2 Reliance: Without prejudice to its rights and powers under rule 24, emsTradepoint is entitled to rely on a Participant FM Certificate on its face (but may reject a Participant FM Certificate that does not contain all the required details or does not comply with the Market Rules, in which case the Participant FM Certificate will be deemed not to have been Notified to emsTradepoint).

29.3 Market Notification: As soon as practicable after receiving a Participant FM Certificate, emsTradepoint must:

- (a) Publish the following information in respect of the Participant FM Certificate:
 - (i) That emsTradepoint has received a Participant FM Certificate;
 - (ii) The Participant FM Commencement Date and Participant FM End Date;
 - (iii) For each FM Day covered by that Participant FM Certificate:

- (A) whether the FM Participant will fall short in its aggregate obligation to Deliver Gas to emsTradepoint or in its aggregate obligation to Receive Gas from emsTradepoint;
- (B) the FM Participant Shortfall Quantity;

A Notice given under this rule may include information about more than one Day.

29.4 Adjustment to Trade Quantity for Physical Settlement: For the avoidance of doubt, an FM Participant will not Deliver or Receive (as the case may be) the FM Participant Shortfall Quantity on an FM Day, and an Affected Participant will not Deliver or Receive (as the case may be) the Shortfall Quantity for the Affected Participant on an FM Day.

29.5 Calculation of Shortfall Quantity: Subject to rule 29.6, the Shortfall Quantity is calculated as follows:

$$\text{Shortfall Quantity} = (A / B) * C$$

C means, the aggregate quantity of Gas (in GJ) that the Affected Participant is obliged to Deliver to or Receive from emsTradepoint (as the case may be) on the FM Day, by reference to Original Trade Quantities

29.6 Rounding: If the Shortfall Quantity calculated under rule 29.5 is not a whole number, it shall be rounded to the nearest whole GJ. If the sum of all Shortfall Quantities attributable to a Participant FM Certificate is not equal to the relevant FM Participant Shortfall Quantity, then:

- (a) the Shortfall Quantity of the Affected Participant with the lowest Shortfall Quantity shall be adjusted by the difference (either over or under the FM Participant Shortfall Quantity); and
- (b) if there is more than one Affected Participant to which rule 29.6(a) could apply, the Shortfall Quantity of the Affected Participant with the most recently dated Participant Agreement shall be adjusted by the difference (either over or under the FM Participant Shortfall Quantity).

29.7 Liability: Except as provided in rule 29.8:

- (a) emsTradepoint will not be liable for a failure to Deliver or Receive the Shortfall Quantity to or from an Affected Participant or an FM Participant;
- (b) an FM Participant will not be liable for a failure to Deliver or Receive the FM Participant Shortfall Quantity to or from emsTradepoint;
- (c) an Affected Participant will not be liable for a failure to Deliver or Receive the Shortfall Quantity for the Affected Participant to or from emsTradepoint, and

the compensation calculated under rule 29.8 is in full and final settlement of all liability for any such failure to Deliver or Receive.

29.8 Compensation:

- (a) Where a Participant FM Certificate indicates that an FM Participant will Deliver less than its aggregate Trade Quantities on an FM Day:
 - (i) emsTradepoint must compensate each Short Receipt Participant in an amount determined as follows in respect of each such FM Day, with the compensation to be effected by way of reduction of the total amount payable by the Short Receipt Participant for its Buyer Trade Legs with emsTradepoint for that FM Day:

$$\text{Compensation (in \$ per GJ)} = \text{Shortfall Quantity} * \text{VWAP}$$

Where:

Shortfall Quantity is determined in accordance with rule 29.5 with respect to the Short Receipt Participant

VWAP means the volume weighted average price (in \$) per GJ of Gas in Trades by the Short Receipt Participant on the Trading Platform for Delivery on the FM Day, excluding Trades considered by emsTradepoint to be irregular, as calculated by emsTradepoint

- (ii) the FM Participant must compensate emsTradepoint in an amount equal to the total of all compensation emsTradepoint must make under rule 29.8(a)(i) that is attributable to that FM Participant's Participant FM Certificate, with the compensation to be effected by way of reduction of the total amount payable by emsTradepoint for its Seller Trade Legs with that FM Participant for that FM Day;
- (b) Where a Participant FM Certificate indicates that an FM Participant will Receive less than its aggregate Trade Quantities on an FM Day:

- (i) each Short Delivery Participant must compensate emsTradepoint in an amount determined as follows in respect of each such FM Day, with the compensation to be effected by way of reduction of the total amount payable by emsTradepoint for its Seller Trade Legs with that Short Delivery Participant for that FM Day:

Compensation (in \$ per GJ) = Shortfall Quantity * VWAP

Where:

Shortfall Quantity is determined in accordance with rule 29.5 with respect to the Short Delivery Participant

VWAP means the volume weighted average price (in \$) per GJ of Gas in Trades by the Short Delivery Participant on the Trading Platform for Delivery on the FM Day, excluding Trades considered by emsTradepoint to be irregular, as calculated by emsTradepoint

- (ii) emsTradepoint must compensate the FM Participant in an amount equal to the total of all compensation emsTradepoint receives under rule 29.8(b)(i) that is attributable to that FM Participant's Participant FM Certificate, with the compensation to be effected by way of reduction of the total amount payable by the FM Participant for its Buyer Trade Legs with emsTradepoint for that FM Day.

2. Standard Trading Fees

The Standard Trading Fee for a Trade Leg is the amount calculated by applying the lower of the rates determined under the following tables to the Trade Leg:

Participant's total Trade volume in previous 12 Months for relevant Product (GJ)^{1, 2, 3}	Standard Trading Fee for NGP-TRS (D) (per GJ, per Trade Leg)	Standard Trading Fee for NGP-TRS (W) (per GJ, per Trade Leg)	Standard Trading Fee for NGP-TRS (M) (per GJ, per Trade Leg)
0 – 749,999	\$0.075	\$0.060	\$0.050
750,000 – 1,499,999	\$0.075	\$0.050	\$0.040
1,500,000 +	\$0.075	\$0.040	\$0.030

1. Including the volume of the Trade for which the Standard Trading Fee is being calculated.

2. Different rates will apply to different parts of a Trade if the Trade straddles volume tranches. For example, if a Participant that has traded 740,000 PJ of NGP-TRS (M) in the last 12 months makes a 30,000 PJ Trade of NGP-TRS (M), that Trade will be charged at \$0.050 per GJ for 9,999 PJ and \$0.040 per GJ for 20,001 PJ.

3. Trades in one Product do not count towards the historical Trade volume for any other Product.

Volume of one-off Trade (GJ)	Standard Trading Fee for all Products (per GJ, per Trade Leg)
0 – 49,999	\$0.075
50,000 – 99,999	\$0.060
100,000 – 199,999	\$0.040
200,000 +	\$0.030
